

Hoy The Game

www.hoythegame.com

Welcome

Welcome to your Hoy Game Sheets. This pack contains 2 Hoy Game Sheets for you to use in your activities

What's needed to play Hoy

To play Hoy you will need the following

- A pack of standard playing cards
- Your Hoy Game Sheets printed (we recommend laminating these sheets so you can use them over and over again)
- 9 markers (tiddly winks / counters) for each person playing

How to play Hoy

The person in charge of the activity needs to give each player a Hoy Game Sheet and 9 markers

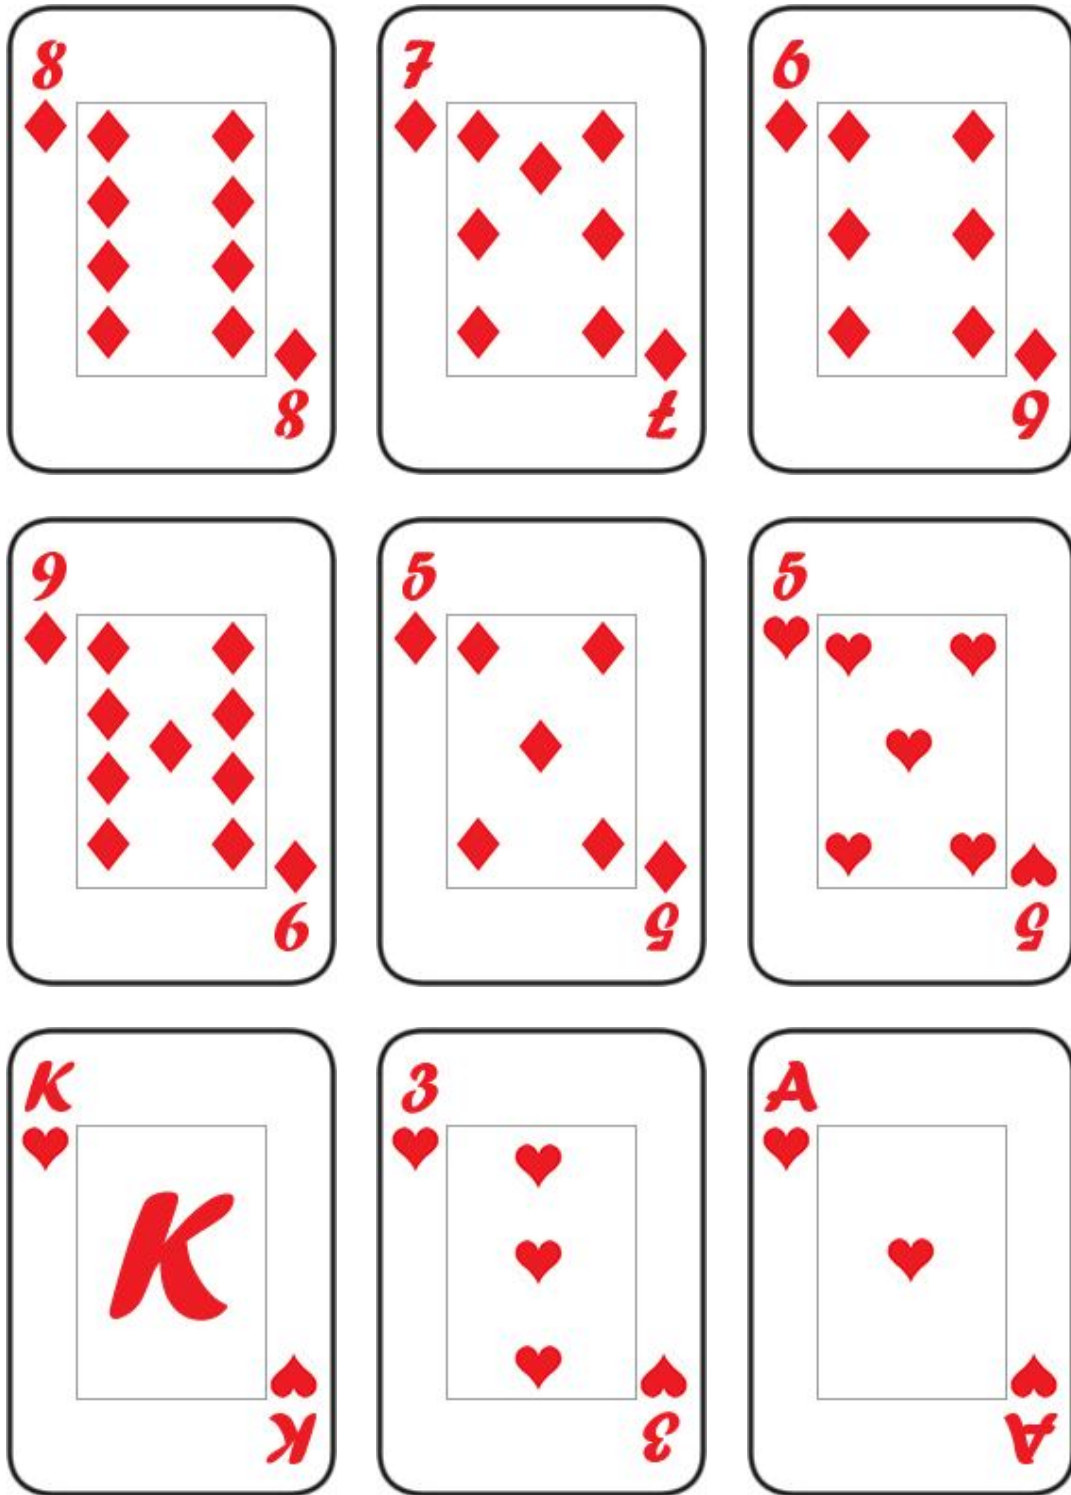

You need to decided if you are giving the players a chance of winning on a single line in any direction or if your are just playing for a full house of all 9 cards

The dealer then takes their pack of cards and turns a card over one at a time calling that card out to the group

If any player has that card on their Hoy Sheet they put a marker on that card.

The game continues until a player gets either a 3 in a line or a full house where they then need to call "Hoy"
